Rates & Annual Charges

The Independent Pricing & Regulatory Tribunal (IPART) announced a 0.7% rate pegging limited increase for 2022/23 in December 2021. In March 2022, the NSW Government and IPART agreed to a one-off additional round of 2022/23 Special Variation applications from Councils under section 508(2) of the *Local Government Act 1993.*

Wagga Wagga City Council applied for a permanent Additional Special Variation (ASV) in 2022/23 for a percentage increase in its general income of 2.0%. IPART determined that Council's application has fully met all assessment criteria for the ASV and have approved the application for a permanent 2% Additional Special Variation in 2022/23 including the rate peg.

Rates are levied against properties in accordance with their classification as defined in the Local Government Act 1993. Properties are classified as Residential, Business or Farmland based on their dominant use. The calculation of the rateable amount for each property is determined by multiplying the valuation by the Ad valorem amount. Where this calculation results in an amount less than the Minimum Rate, the Minimum Rate applies.

The NSW Land & Property Management Authority (Valuer General's office) completed a revaluation of all rateable properties in the Local Government area in 2019. This was undertaken as part of a three-year revaluation cycle.

Rate Type	Category	Sub-Category	Minimum Rate	Ad Valorem Amount	Rate Yield	% Total

Ordinary	Farmland		$321.00	0.00244433	$5,299,329	11.14%
TOTAL					**$47,570,127**	**100.00%**

The rate categories and sub-categories for the purposes of the levying of the 2022/23 rates are as follows:

Wagga Wagga and Forest Hill

Residential – City and Suburbs
Business – City and Suburbs

Villages: San Isidore, Gumly Gumly, Tarcutta, Humula, Uranquinty, Mangoplah, Oura, Currawarna, Ladysmith, Galore, Collingullie, Belfrayden and North Wagga

Residential – Villages
Business – Villages

Residential – Other is defined as land which is:

a) Is not less than two (2) hectares and not more than 40 hectares in area
b) Is either:
   i. Not zoned or otherwise designated for use under an environmental planning instrument
   ii. Zoned or otherwise designated for use under such an environmental planning instrument for non-urban purpose
c) Does not have a significant and substantial commercial purpose or character

Excludes: Business – City and Suburbs land, rated in accordance with the provisions of Section 518 of the Local Government Act 1993, and also farmland, rated in accordance with the provisions of Section 515 of the Local Government Act, within such centres of population.

Categorisation of land for purposes of ordinary rates

In accordance with Section 514 of the Local Government Act 1993, Council must declare each parcel of rateable land within the Local Government Area to be within one of the following categories, before making an ordinary rate:

- Farmland
- Residential
- Business

Farmland rates will be levied on all rateable land, which, in Council's opinion, qualifies as "Farmland" as defined in Section 515 of the Local Government Act 1993.

The categorisation of land for the purposes of ordinary rates as per the Local Government Act 1993 is as follows:

Section 515 – Farmland

(1) Land is to be categorised as "**farmland**" if it is a parcel of rateable land valued as one assessment and its dominant use is for farming (that is, the business or industry of grazing, animal feedlots, dairying, pig-farming, poultry farming, viticulture, orcharding, bee-keeping, horticulture, vegetable growing, the growing of crops of any kind, forestry or aquaculture within the meaning of the Fisheries Management Act 1994, or any combination of those businesses or industries) which:
  (a) has a significant and substantial commercial purpose or character, and
  (b) is engaged in for the purpose of profit on a continuous or repetitive basis (whether or not a profit is actually made).
(2) Land is not to be categorised as farmland if it is rural residential land.
(3) The regulations may prescribe circumstances in which land is or is not to be categorised as farmland.

Section 516 – Residential

(1) Land is to be categorised as "**residential**" if it is a parcel of rateable land valued as one assessment and:
  (a) its dominant use is for residential accommodation (otherwise than as a hotel, motel, guest-house, backpacker hostel or nursing home or any other form of residential accommodation (not being a boarding house or a lodging house) prescribed by the regulations), or
  (b) in the case of vacant land, it is zoned or otherwise designated for use under an environmental planning instrument (with or without development consent) for residential purposes, or
  (c) it is rural residential land.

(1A) For the purposes of this section, a **"boarding house"** or a **"lodging house"** means a building wholly or partly let as lodging in which each letting provides the tariff-paying occupant with a principal place of residence and in which:
  (a) each tariff charged does not exceed the maximum tariff for boarding houses or lodging houses for the time being determined by the Minister by order published in the Gazette for the purposes of this subsection, and
  (b) there are at least 3 tariff-paying occupants who have resided there for the last 3 consecutive months, or any period totaling 3 months during the last year, and includes a vacant building that was so let immediately before becoming vacant, but does not include a residential flat building, licensed premises, a private hotel, a building containing serviced apartments or a backpacker hostel or other tourist establishment.

(2) The regulations may prescribe circumstances in which land is or is not to be categorised as residential.

Section 518 – Business

Land is to be categorised as "**business**" if it cannot be categorised as farmland, residential or mining.

Pensioner Concession Rates Rebate

In accordance with Section 575 of the Local Government Act 1993, eligible pensioners are provided concessions on their ordinary rates and domestic waste management service charges. The cost of providing these concessions is shared between the State Government (55%) and Council (45%).

Eligible ratepayers are entitled to receive up to:

- $250.00 on ordinary rates and charges for domestic waste management services; and
- $87.50 off their annual sewerage rates and charges.

Holders of the below listed concession cards are eligible for the concession:

- Holders of a Pensioner Concession Card (PCC);
- Holders of a gold card embossed with 'TPI' (Totally Permanently Incapacitated);
- Holders of a gold card embossed with 'EDA' (Extreme Disablement Adjustment);
- War widow or widower or wholly dependent partner entitled to the DVA (Department of Veterans' Affairs) income support supplement.

In accordance with Section 575(2) of the Local Government Act 1993, the amount by which a rate or charge is required to be reduced is:

- if the person making the application is, on the date on which the rate or charge is levied, an eligible pensioner who is solely liable or jointly liable with one or more jointly eligible occupiers but with no other person for the rate or charge--one-half of the rate or charge; or
- if the person making the application is, on the date on which the rate or charge is levied, an eligible pensioner who is jointly liable with one other person who is not a jointly eligible occupier, or with two or more other persons, any of whom is not a jointly eligible occupier for the rate or charge--an amount that bears to one-half of the rate or charge the same proportion as the part of that rate or charge for which, as between all persons liable to pay the rate or charge, the applicant and any jointly eligible occupier are liable bears to the whole of that rate or charge.

Sewer Charges

With increasing demands on the limited water resources of NSW, it is vital that these resources are managed in an efficient and sustainable manner. Best-practice management is essential for efficient and sustainable management of water resources and the environment. It enables a Local Water Utility (LWU) to achieve sustainable water supply and sewerage businesses and comply with the Australian Government's National Competition Policy (NCP) and National Water Initiative (NWI). LWUs that achieve the outcomes required by these guidelines will have demonstrated best-practice management of these businesses. Best-practice management involves a triple bottom line focus that provides a balanced view of the long-term sustainability of NSW water utilities. Triple bottom line accounting (social, environmental and economic) involves consideration of a LWU's business plan together with its social and environmental management practices.

Best-practice management of water supply and sewerage involves the following six criteria:

- Strategic Business Planning
- Pricing (including Developer Charges, Liquid Trade Waste Policy and Approvals)
- Water Conservation
- Drought Management
- Performance Reporting
- Integrated Water Cycle Management

Best-practice sewerage pricing involves a uniform annual sewerage bill for residential customers. For Non-Residential customers an appropriate sewer usage charge is required for the estimated volume discharged to the sewerage system, together with an access charge based on the water meter size that is applied for each and every meter connection (based on the capacity requirements that their loads place on the system relative to residential customers).

Residential Properties (Developed)

The annual residential sewer charge is $596.00 per residence. Multiple residence properties are charged $596.00 per residence.

Vacant Land

Vacant land (including Residential and Non-Residential) which can be connected to the sewer system will be charged an annual sewer charge of $596.00.

The annual residential sewer charge will commence either at the time waste management services commence and will be applied on a pro-rata basis for the remainder of the financial year, or at the start of the next rating year, whichever occurs first.

Non-Residential – Two Part Tariff Best Practice Sewer Charging

From 1 July 2012, Wagga Wagga City Council introduced two-part tariff sewer charging for Non-Residential customers. Non-Residential customers include (but not limited to) commercial, industrial, schools, small community properties and hospitals.

The Non-Residential Sewer Charge comprises of an access charge based on the water meter size of each connection on the property (see schedule below) and a usage charge.

Each property is assigned a discharge factor that refers to the property's estimated volume discharged to sewer. The Non-Residential usage charge is calculated by multiplying the total water usage (as measured by the water meter) by the applicable discharge factor. This value is then multiplied by the current usage charge of $2.49 per kilolitre.

In accordance with best practice non-residential sewer guidelines, the minimum Non-Residential sewer charge must not be less than the residential charge of $596.00 for 2022/23. Non-Residential properties that are deemed a low impact upon the sewerage system will be charged the minimum charge each quarter, as assessed and approved by Council officers. On application, Council will assess sewer access charges in circumstances where master and sub meters exist. This may include the removal and/or non-charging of a sewer access charge if considered appropriate based on assessment of the circumstances by the Council Officer.

Volume based and access charges are detailed below:

Name of Charge	Type of Service	Number of Services*	Charge Amount^	Yield

**** Please note number of services and meter sizes are subject to change throughout the year.***

^ Please note that the charge amounts quoted above for the Sewer Access Charges are annual amounts, charged in quarterly instalments.

Waste Management Charges

Waste management charges are applied to both Residential and Commercial properties in the waste collection areas of Wagga Wagga, North Wagga Wagga, Gumly Gumly, Forest Hill, Kapooka, Tarcutta, Mangoplah, Oura, Ladysmith, Brucedale, Uranquinty, Bomen and Cartwrights Hill.

Waste Management charges will be applied pro-rata to any property that starts to utilise these services during the financial year. A Vacant Residential Land Waste charge will be applied to a vacant residential lot once Council is advised the new lot has been created via a supplementary list supplied by the Valuer General.

Commercial properties (Non Residential and Non Rateable) have the ability to opt out of Council's Commercial Waste Service.

Name of Charge	Amount	Rate Yield
Domestic Waste Management Service Charge - Urban Residential	$387.00	$9,602,244
Domestic Waste Management Service Charge - Rural Residential	$387.00	$289,476

Stormwater Charges

Stormwater charges will be applicable to all properties, with the following exceptions, which are exempt from the charge:

- Crown Land
- Wagga Wagga City Council owned land
- Land held under lease for private purposes granted under the Housing Act 2001 or the Aboriginal Housing Act 1998
- Vacant Land
- Rural Residential land or Rural Business land, not located in a village, town or the city
- Land belonging to a Charity or Public Benevolent Institution

The annual stormwater charge will commence either at the time waste management services commence and will be applied on a pro-rata basis for the remainder of the financial year, or at the start of the next rating year, whichever occurs first.

Name of Charge	Amount	Rate Yield
Residential Stormwater	$25.00	$496,800
Residential Medium/High Density Stormwater	$12.50	$55,050
Business Stormwater	$25.00	$168,988

Development Contributions Plan

Development contributions are payments made during the course of the Development Application or Complying Development Certificate process to enable Local Government to provide public facilities, infrastructure and services required as a consequence of new development and to upgrade existing facilities and infrastructure to accommodate the impact of growth.

The respective adopted Development Contribution Plans for Wagga Wagga City Council are:

- Wagga Wagga Local Infrastructure Contributions Plan 2019-2034
- City of Wagga Wagga Section 94 Contributions Plan 2006-2019
- Development Servicing Plan – Stormwater 2007
- Development Servicing Plan – Sewerage Services 2013

A full list of applicable Developer contributions charges for 2022/23 are outlined in Appendix A – Developer Contributions.

Pricing Policy

Where it is legally permissible Wagga Wagga City Council intends to charge fees for the provision of all goods and services that it provides. These fees will be charged to all clients that utilise Council's goods and services.

The particular pricing policy of Wagga Wagga City Council, applying to the various fees, is as follows:

(a) these items are priced at the figure stipulated by legislation as applicable to this activity;

(b) these items are priced at the maximum recommended by the Office of Local Government;

(c) these items are priced so as to return a total cost recovery for the activities provided;

(d) these items are priced to cover the cost of the item plus normal commercial mark-ups;

(e) these items are priced at below the cost of providing this activity as Council considers that full cost recovery would deprive the members of the community of the ability to participate/enjoy these activities.

The pricing policy identifier appears beside the various fees shown in Wagga Wagga City Council's list of fees to be charged in 2022/23.

The list of fees and charges also shows the GST payable on Council fees and charges. Those items not showing a GST component have been determined to be GST exempt.

Proposed Fees

Wagga Wagga City Council may charge a fee for any service it provides. The purpose of raising these fees is to recover, or assist Council in recovering the cost of providing these services. Wagga Wagga City Council proposes to charge the fees shown in the following pages during the 2022/23 financial year.

If the cost of providing these goods and services rises due to increases in statutory fees or increases in other costs beyond Council's control then Wagga Wagga City Council will pass on to users the increased costs, or part thereof, via a Council resolution to increase the fees for the affected goods and services.

Community/Not-for-profit organisation – fees and charges less than $200 (per event)

An individual fee or charge up to a maximum of $200 be reduced to $0 for a community/Not-for-profit organisation. A maximum of four (4) fees and charges are able to be reduced to $0 each financial year.

Sporting or other clubs that charge its members a fee, are excluded from this fee reduction.

This reduction also does not apply to charges for the Multi-Purpose Stadium (MPS).

Oasis Regional Aquatic Centre

While Oasis fees have been set based on competitive market rates, and also on maximising visitation to the centres, from time to time a reduced pricing point may be offered up to a maximum of 50% of the approved price/two for one, and advertised to support a promotion aimed at increasing participation and / or attracting new customers. Where temperatures are forecast to reach 41 degrees Celsius and above according to the Bureau of Meteorology on the prior day, this reduced pricing point for admission fees will increase to 100%. A reduced pricing point will require Management Approval. A 100% discount of Fees and Charges for Community Events and Charities may apply with prior approval by Management.

A discounted promotional pricing point will be offered for a specified period of time only and all promotional conditions will be advertised.

Bolton Park Stadium

While Bolton Park Stadium fees have been set based on competitive market rates, and also on maximising visitation and bookings to the venue, from time to time a reduced pricing point may be offered up to a maximum of 50% of the approved price which will allow the General Manager to approve set period(s) where the Bolton Park Stadium fees may reduce up to a maximum of 50% and advertised to support a promotion aimed at increasing participation and / or attracting new customers. A 100% discount of Fees and Charges for Community Events and Charities may apply with prior approval by Management.

Build Overs

The preferred option for encumbering a Council main or easement is to relocate the main or easement clear of the proposed development, at full cost to the developer. If relocation of the main cannot be achieved, application can be made to encumber the main. Any required upgrades to a main are at full cost to the developer.
