Subject: Public Exhibition Submission

Hi, you have received a public exhibition submission.

Details

Name of document on public exhibition: Restrictions on Roadside Tributes

Name: [REDACTED]

Address: 217 to 219 Tarcutta Street Wagga Wagga NSW 2650

Email: [REDACTED]

Submission: Whilst I understand Council's proposed direction on this matter in regards to how far some memorials should be allowed to go, I am not aware of any increased crash statistics pertaining to the erection of these roadside memorials. In fact, I believe (and I have no facts to back this claim) that the erection of a sensible roadside memorial would probably have a risk mitigating effect on majority of the passing traffic. I hope this is considered and possibly assists in the direction you finally go with this proposal.
