REPORTS FROM STAFF

RP-1 2018-19-FM-0071 - NORTH WAGGA FLOOD MITIGATION OPTIONS

T Kurylowicz vacated the chamber, the time being 9:59am and did not return.

Recommendation:

On the Motion of J McKinnon and R Prangnell

That the Floodplain Risk Management Advisory Committee receive and note the draft report and recommends to the Council that it receive the report and places it on Public Exhibition.

The committee notes its preliminary view is to recommend a combined approach that is staged and includes:

- a. Upgrading the existing North Wagga Levee system (Stage 1 of L4B 5% AEP (1 in 20)) and offering Voluntary House Raising and Purchase subject to risk reduction and cost effectiveness
- b. Increasing the road heights and bridges along Hampden Ave to provide a safe evacuation route (Stage 2 of Option L4B) subject to funding

This preliminary view will be updated following the Public Exhibition before a final recommendation from the Floodplain Risk Management Advisory Committee is made to Council.
