

Report of Development Application DA21/0492 Recommended Conditions of Consent

RECOMMENDATION

It is recommended that application number DA21/0492 for Place of Public Worship be approved, subject to the following conditions:-

CONDITIONS OF CONSENT FOR APPLICATION NO. DA21/0492

A. SCHEDULE A – Reasons for Conditions

The conditions of this consent have been imposed for the following reasons:

- A.1 To ensure compliance with the terms of the Environmental Planning and Assessment Act 1979 and Regulation 2000.
- A.2 Having regard to Council's duties of consideration under Section 4.15 and 4.17 of the Act.
- A.3 To ensure an appropriate level of provision of amenities and services occurs within the City and to occupants of sites.
- A.4 To improve the amenity, safety and environmental quality of the locality.
- A.5 Having regard to environmental quality, the circumstances of the case and the public interest.
- A.6 Having regard to the Wagga Wagga Development Control Plan 2010.
- A.7 To help retain and enhance streetscape quality.
- A.8 Ensure compatibility with adjoining and neighbouring land uses and built form.
- A.9 To protect public interest, the environment and existing amenity of the locality.
- A.10 To minimise health risk to neighbouring residents and workers.

B. SCHEDULE B – Deferred Commencement Conditions

N/A

C. SCHEDULE C – Conditions

Approved Plans and Documentation

- C.1 The development must be carried out in accordance with the approved plans and specifications as follows.

Plan/DocNo.	Plan/Doc Title	Prepared by	Issue	Date
	Site Plan and Landscape Plan	Adaptive Interiors	D	19.8.21

A16012021-2	Floor Plan	Luke Pietrobon Engineering & Design	1	2.3.21
A16012021-3	Elevations	Luke Pietrobon Engineering & Design	1	2.3.21
A16012021-4	Section Views	Luke Pietrobon Engineering & Design	1	2.3.21
	Statement of Environmental Effects	Salvestro Planning	2.0	August 2021
	Noise and Traffic Management Plan	applicant		No date

The Development Application has been determined by the granting of consent subject to and as amended by the conditions of development consent specified below.

NOTE: Any modifications to the proposal shall be the subject of an application under Section 4.55 of the Environmental Planning and Assessment Act, 1979.

Requirements before a Construction Certificate can be issued

- C.2 Prior to the issue of the Construction Certificate, sufficient information must be forwarded to the certifying authority illustrating compliance with the relevant requirements of the Building Code of Australia.
- a) Pursuant to Clause 98 of the Environmental Planning and Assessment Regulation 2000, the proposed building work must comply with the Building Code of Australia (BCA), including but not limiting to:
- i) Structure - Section B- (Part B1)
 - ii) Fire Resistance - Section C- (Parts C1, C2, C3)
 - iii) Access and Egress - Section D- (Parts D1, D2, D3)
 - iv) Services and Equipment - Section E- (Parts E1, E2, E3, E4)
 - v) Health and Amenity - Section F- (Parts F1, F2, F3, F4, F5)
 - vi) Ancillary Provisions- Section G- (Parts G1, G2, G3, G4, G5)
 - vii) Special Use Buildings- Section H- (Parts H1, H2, H3)
 - viii) Energy Efficiency- Section J- (Parts J0, J1, J2, J3, J5, J6, J7, J8)
- C.3 Prior to the issue of Construction Certificate the applicant must lodge a bond with Council of:-
- \$3000 for security deposit on the kerb and gutter and footpath
- Plus a non-refundable administration fee as per Council's Fees and Charges.
- NOTE 1: Applicants will be required to contact Council PRIOR to making the payment to arrange a bond (BKG) number. This must be done prior to making payment at Council's customer service desk.
- NOTE 2: In lieu of payment, the applicant can with written authorisation from their builder, utilise an ongoing bond should their builder hold and ongoing bond.
- NOTE 3: All monetary conditions are reviewed annually, and may change on 1 July each year.

- NOTE 4: Works in the form of driveways, kerb and gutter and footpath may require you to obtain a Section 138 Roads Act 1993 approval. Please contact Councils Road Reserve Officer on 1300 292 442 prior to undertaking such works.
- NOTE 5: Council will accept a once off security deposit for the kerb and gutter and footpath for applicants who lodge multiple DA's with council. If the applicant has security deposits held by Council for kerb and gutter and footpath at the time of Construction Certificate application, then Council may waive the need for an additional bond to be paid.
- NOTE 6: The bond held on the kerb and gutter and footpath is fully refundable upon completion of all works and upon inspection by Council to ensure that any damage to Council infrastructure has been repaired. The bond will not be refunded in the event that damage done to Council's infrastructure is not repaired to the satisfaction of Council. All damage is to be repaired at the full cost of the applicant
- C.4 Prior to the release of Construction Certificate a compliance certificate under s306 of the Water Management Act 2000 must be obtained in respect of the development relating to water management works that may be required in connection with the development.
- NOTE1: 'Water management work' is defined in s283 of the Water Management Act to mean a 'water supply work', 'drainage work', 'sewage work' or 'flood work'. These terms are defined in that Act.
- NOTE 2: Riverina Water is responsible for issuing compliance certificates and imposing requirements relating to water supply works for development in the Council's area. An application for a compliance certificate must be made with Riverina Water. Additional fees and charges may be incurred by the proposed development - please contact Riverina Water to ascertain compliance certificate water supply related requirements. A copy of such a compliance certificate is required prior to release of Construction Certificate.
- NOTE 3: The Council is responsible for issuing compliance certificates and imposing requirements relating to sewerage, drainage and flood works for development in its area.
- NOTE 4: Under s306 of the Water Management Act 2000, Riverina Water or the Council, as the case requires, may, as a precondition to the issuing of a compliance certificate, impose a requirement that a payment is made or works are carried out, or both, towards the provision of water supply, sewerage, drainage or flood works.
- NOTE 5: The Section 64 Sewer base figure is nil.
- NOTE 6: The Section 64 Stormwater base figure is \$1248.
The Section 64 Stormwater contribution (updated by the CPI 118/87.9) required to be paid is \$1675.
- NOTE 7: Section 64 contributions shall be indexed in accordance with CPI annually at the commencement of the financial year.
- NOTE 8: The figures outlined in this consent are based on the current rate of CPI. Please be advised that CPI changes on a regular basis and you are advised to contact Council prior to payments being made, to

ensure no further CPI increases/decreases have occurred since the date of this consent.

C.5 Prior to the issue of the Construction Certificate a revised site plan shall be submitted to the Principal Certifying Authority for approval that indicates;

- i) The stormwater connecting to the spur provided
- ii) The sewer connection to the spur provided
- iii) Stormwater drainage designed to limit post development flows from the site to pre-developed flows for all storms up to and including the 100 Year ARI event. Full plan details of any proposed On-Site Detention (OSD) system and supporting calculations must be provided.
- iv) Finished paving levels demonstrating that the stormwater overland flow path is directed towards the street or an alternative appropriate point of discharge.
- iv) A stormwater plan indicating pipe and pit levels, inverts and sizes. This plan shall also show existing and proposed surface contours within the site and along its boundaries with immediately adjacent properties.

C.6 A detailed or revised landscape plan and legend shall be submitted to and approved by the General Manager or delegate prior to the release of the Construction Certificate. The landscape plan shall be in accordance with Council's Landscape Guidelines and Landscape Application Checklist and include:

- (1) A Plant Schedule indicating all plant species, pot sizes, spacings and numbers to be planted within the development shall be submitted with the Landscape Plan. Plant species are to be identified by full botanical name. All plants proposed in the landscape plan are to be detailed in the plant schedule.
- (2) A reduction in the area of hardstand facilitated by a car parking layout that complies with AS2890.1.2004 Parking Facilities, Part 1 Off-Street Car Parking.
- (3) An increased landscaped setback to the eastern boundary to include vegetation of a suitable size and type and an acoustic treatment to the boundary fence.
- (4) An increased landscaped area to the front setback area of the site to enhance the streetscape presentation, reduce the hard-stand area and provide screening to this area.
- (5) Details of establishment and maintenance must be included with the plan.

Requirements before the commencement of any works

C.7 If the work involved in the erection or demolition of a building or structure:

- a) is likely to cause pedestrian or vehicular traffic in a public place to be obstructed or rendered inconvenient, or

- b) building involves the enclosure of a public place,
a hoarding or fence must be erected between the development site/works and the public place prior to works commencing on site.

All construction materials, waste, waste skips, machinery and contractors vehicles must be located and stored or parked within the site. No storage of materials, parking of construction machinery or contractor's vehicles will be permitted within the public space.

If necessary, an awning must be erected, sufficient to prevent any substance, from or in connection with the work, falling into the public place. Further the work site must be kept lit between sunset and sunrise if it is likely to be hazardous to persons in the public place.

NOTE 1: Any such hoarding, fence or awning must be removed when the work has been completed.

NOTE 2: Any external lighting required by this condition must be designed and positioned so that, at no time, will any light be cast upon any adjoining property.

NOTE 3: Prior to any hoarding being erected, the applicant must ensure that an application for a Hoarding Permit is submitted to and approved by Council.

- C.8 Prior to works commencing on site, toilet facilities must be provided, at or in the vicinity of the work site on which work involved in the erection or demolition of a building is being carried out, at the rate of one toilet for every 20 persons or part of 20 persons employed at the site. Each toilet provided must be:

- a) a standard flushing toilet connected to a public sewer, or
b) if that is not practicable, an accredited sewage management facility approved by Council, or
c) if that is not practicable, any other sewage management facility approved by Council.

NOTE 1: The provision of toilet facilities in accordance with this condition must be completed before any other work is commenced and the toilet facility must not be removed without the prior written approval of Council.

NOTE 2: "Vicinity" in this condition is defined to mean within 50 metres of the subject building site.

NOTE 3: The toilet facilities are to comply with all WORK COVER NSW requirements.

- C.9 A CONSTRUCTION CERTIFICATE must be obtained pursuant to Section 6.7 of the Environmental Planning and Assessment Act 1979, as amended from either Council or an accredited certifying authority certifying that the proposed works are in accordance with the Building Code of Australia PRIOR to any works commencing.

NOTE 1: No building, engineering, excavation work or food premises fitout must be carried out in relation to this development until the necessary Construction Certificate has been obtained.

NOTE 2: YOU MUST NOT COMMENCE WORK UNTIL YOU HAVE RECEIVED THE CONSTRUCTION CERTIFICATE, even if you made

an application for a Construction Certificate at the same time as you lodged this Development Application.

NOTE 3: It is the responsibility of the applicant to ensure that the development complies with the provision of the Building Code of Australia in the case of building work and the applicable Council Engineering Standards in the case of subdivision works. This may entail alterations to the proposal so that it complies with these standards.

- C.10 Prior to works commencing a container must be erected on site for the enclosure of all building rubbish and debris, including that which can be wind blown. The enclosure shall be approved by Council and be retained on site at all times prior to the disposal of rubbish at a licenced Waste Management Centre.

Materials and sheds or machinery to be used in association with the construction of the building must not be stored or stacked on Council's footpath, nature strip, reserve or roadway.

NOTE 1: No building rubbish or debris must be placed, or be permitted to be placed on any adjoining public reserve, footway, road or private land.

NOTE 2: Weighbridge certificates, receipts or dockets that clearly identify where waste has been deposited must be retained. Documentation must include quantities and nature of the waste. This documentation must be provided to Council prior to application for an Occupation Certificate for the development.

NOTE 3: The suitable container for the storage of rubbish must be retained on site until an Occupation Certificate is issued for the development.

- C.11 Prior to the commencement of works erosion and sediment control measures are to be established and maintained to prevent silt and sediment escaping the site or producing erosion. This work must be carried out and maintained in accordance with Council's:-

- a) Development Control Plan 2010 (Section 2.6 and Appendix 2)
- b) Erosion and Sediment Control Guidelines for Building Sites; and
- c) Soils and Construction Volume 1, Managing Urban Stormwater

Prior to commencement of works, a plan illustrating these measures shall be submitted to, and approved by, Council.

NOTE: All erosion and sediment control measures must be in place prior to earthworks commencing.

- C.12 A Section 68 Approval must be obtained by a Licensed Plumber and Drainer prior to any sewer or stormwater work being carried out on the site. Plans must be supplied for assessment and approval as part of the s68 application and must indicate that pipe and pit sizing meets the requirements of AS3500 and the Plumbing Code of Australia.

Further, a final inspection must be carried out upon completion of plumbing and drainage work prior to occupation of the development.

The licensed plumber must submit to Council, at least two (2) days prior to the commencement of any plumbing and drainage works on site a "Notice of Works".

NOTE: A copy of the Notice of Works form can be found on Council's website.

Requirements during construction or site works

- C.13 Vehicular access within the road reserve must be constructed to Council standards, at full cost to the developer, by a licensed Council approved contractor. A list of Contractors can be found on Council's website at- <<https://wagga.nsw.gov.au/city-of-wagga-wagga/engineering-services/traffic-and-transport/working-in-a-road-reserve-or-footpath>> Driveway design and grades shall comply with AS2890.1: 2004 (or as amended) and Council's Engineering Guidelines for Subdivisions and Developments.
- C.14 The Builder must at all times maintain, on the job, a legible copy of the plans and specifications approved with the Construction Certificate.
- C.15 All excavation and backfilling associated with the erection/demolition of the building must be properly guarded and protected to prevent them from being dangerous to life or property.
- C.16 The permitted construction hours are Monday to Friday 7.00am to 6.00pm and Saturday 7.00am to 5.00pm, excepting public holidays. All reasonable steps must be taken to minimise dust generation during the demolition and/or construction process. Demolition and construction noise is to be managed in accordance with the Office of Environment and Heritage Guidelines.
- C.17 All earthworks, filling, building, driveways or other works, must be designed and constructed (including stormwater drainage if necessary) so that at no time, will any ponding of stormwater occur on adjoining land as a result of this development.
- C.18 Any upgrades or alterations to existing Council infrastructure required as a result of the development shall be at the full cost of the applicant. Contact Council's Development Engineer to confirm what approval is required prior to commencing work on any Council infrastructure. Such work includes (but is not limited to) upgrade or connection to sewer or stormwater mains, and alteration of stormwater pits and sewer manhole levels.
- C.19 The developer is to maintain all adjoining public roads to the site in a clean and tidy state, free of excavated "spoil" material.

Requirements prior to issue of an Occupation Certificate or prior to operation

- C.20 Prior to the issue of Occupation Certificate, the paving of all vehicular movement areas must be either a minimum of 150mm thick flexible pavement and sealed or 150mm thick reinforced concrete.
- C.21 Prior to the issue of an Occupation Certificate, Works-As-Executed (WAE) plans of the constructed On-Site Detention system shall be submitted to Council. The WAE plans shall confirm the volume of constructed storage areas, installation of orifice plates, pipe and pit levels and surface levels of overland flow paths. Certification shall be provided by a practising Civil Engineer that the constructed On-Site Detention system will function as intended in accordance with the approved plans.
- C.22 Prior to operation of the premises a revised Operational Management Plan shall be prepared to the satisfaction of the General Manager or delegate. The plan must include, as a minimum, the following details:-
 - a) liaison with neighbours, opportunities for feedback and complaints and how this will be managed.
 - b) lighting details including reference to no sensor lighting
 - c) maintenance and management of the site given its limited occupation
 - d) management of parking
 - e) control of noise

- The approved plan must be readily available to all users of the premises at all times.
- C.23 An Occupation Certificate, must be obtained pursuant to Section 6.9 of the Environmental Planning and Assessment Act 1979, from either Council or an accredited certifying authority, prior to occupation of the building.

In order to obtain this, the "Final Occupation Certificate" form must be completed and submitted to Council with all required attachments - failure to submit the completed Occupation Certificate Application form will result in an inability for Council to book and subsequently undertake Occupation Certificate inspection.

NOTE: The issuing of an Occupation Certificate does not necessarily indicate that all conditions of development consent have been complied with. The applicant is responsible for ensuring that all conditions of development consent are complied with.

- C.24 A final inspection must be carried out upon completion of plumbing and drainage work and prior to occupation of the development, prior to the issuing of a final plumbing certificate Council must be in possession of Notice of Works, Certificate of Compliance and Works as Executed Diagrams for the works. The works as Executed Diagram must be submitted in electronic format in either AutoCAD or PDF file in accordance with Council requirements.

All plumbing and drainage work must be carried out by a licensed plumber and drainer and to the requirements of the Plumbing and Drainage Act 2011.

NOTE: Additional fees for inspections at the Plumbing Interim Occupancy / Plumbing Occupation stage may apply. This will depend on the number of inspections completed at this stage of the work/s.

- C.25 Prior to the issue of an Occupation Certificate a Water Plumbing Certificate from Riverina Water County Council shall be submitted to Council.

NOTE 1: The applicant is to obtain a Plumbing Permit from Riverina Water County Council before any water supply/plumbing works commence and a Compliance Certificate upon completion of the works. Contact Riverina Water County Council's Plumbing Inspector on 6922 0618. Please be prepared to quote your Construction Certificate number.

General requirements

- C.26 The approved use must only be conducted
- a) on Mondays between the hours of 6.00 pm and 7.00 pm.
 - b) on Sundays between the hours of 6.00 am and 7.00 am.
- C.27 No more than 50 persons may be in attendance at the place of worship at any one time.
- C.28 No fencing and/or gates are to be constructed forward of the building line at any time.
- C.29 The owner must submit to Council and the NSW Fire Brigade an Annual Fire Safety Statement, each 12 months, commencing within 12 months after the date on which the initial Interim/Final Fire Safety Certificate is issued or the use commencing, whichever is earlier.
- C.30 A minimum of 13 car parking spaces must be made available on site at all times. The car park and all associated facilities must be laid out in accordance with Australian Standards AS2890.1.2004, AS2890.2 2002 and AS/NZS2890.6.2009.

- C.31 All parking of vehicles associated with worship at the premises must be fully contained on site. No on street parking is permitted by this development application.
- C.32 The operational plan approved in accordance with Condition C22 of DA21/0492 must be adhered to at all times.
- C.33 Illumination of the car park during times of use only must be in accordance with AS 1158.3.1.2005, as amended, lighting for roads and public spaces.

D. SCHEDULE D – Activity Approval Conditions (Section 68)

N/A

E. SCHEDULE E – Prescribed Conditions

Conditions under this schedule are prescribed conditions for the purposes of section 4.17 (11) of the Environmental Planning and assessment Act 1979.

- E.1 Fulfilment of BASIX commitments (clause 97A EP&A Reg 2000)
The commitments listed in any relevant BASIX Certificate for this development must be fulfilled in accordance with the BASIX Certificate Report, Development Consent and the approved plans and specifications.
- E.2 Compliance with Building Code of Australia and insurance requirements under the Home Building Act 1989 (clause 98 EP&A Reg 2000)
 - (1) For development that involves any building work, the work must be carried out in accordance with the requirements of the Building Code of Australia.
 - (2) In the case of residential building work for which the Home Building Act 1989 requires there to be a contract of insurance in force in accordance with Part 6 of that Act, such a contract of insurance shall be in force before any building work authorised to be carried out by the consent commences.
 - (3) For a temporary structure that is used as an entertainment venue, the temporary structure must comply with Part B1 and NSW Part H102 of Volume One of the Building Code of Australia.

NOTE 1: This condition does not apply:

- (a) to the extent to which an exemption is in force under clause 187 or 188 of the Environmental Planning and Assessment Regulation 2000 (the Regulation), subject to the terms of any condition or requirement referred to in clause 187(6) or 188(4) of the Regulation, or
- (b) to the erection of a temporary building, other than a temporary structure to which part (3) of this condition applies.

NOTE 2: In this condition, a reference to the Building Code of Australia is a reference to that Code as in force on the date the application is made for the relevant:

- (a) development consent, in the case of a temporary structure that is an entertainment venue, or
- (b) construction certificate, in every other case.

NOTE 3: There are no relevant provisions in the Building Code of Australia in respect of temporary structures that are not entertainment venues.

E.3 Erection of signs (clause 98A EP&A Reg 2000)

For development that involves any building work, subdivision work or demolition work, a sign must be erected in a prominent position on any site on which building work, subdivision work or demolition work is being carried out:

- (a) showing the name, address and telephone number of the principal certifying authority for the work, and
- (b) showing the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours, and
- (c) stating that unauthorised entry to the work site is prohibited.

Any such sign is to be maintained while the building work, subdivision work or demolition work is being carried out, but must be removed when the work has been completed.

NOTE 1: This condition does not apply in relation to building work, subdivision work or demolition work that is carried out inside an existing building that does not affect the external walls of the building.

NOTE 2: This condition does not apply in relation to Crown building work that is certified, in accordance with section 6.28 of the Environmental Planning and Assessment Act 1979, to comply with the technical provisions of the State's building laws.

NOTE 3: Principal certifying authorities and principal contractors must also ensure that signs required by this clause are erected and maintained.

E.4 Notification of Home Building Act 1989 requirements (clause 98B EP&A Reg 2000)

Residential building work within the meaning of the Home Building Act 1989 must not be carried out unless the principal certifying authority for the development to which the work relates (not being the council) has given the council written notice of the following information:

- (a) in the case of work for which a principal contractor is required to be appointed:
 - i) the name and licence number of the principal contractor, and
 - ii) the name of the insurer by which the work is insured under Part 6 of that Act,
- (b) in the case of work to be done by an owner-builder:
 - i) the name of the owner-builder, and
 - ii) if the owner-builder is required to hold an owner-builder permit under that Act, the number of the owner-builder permit.

If arrangements for doing the residential building work are changed while the work is in progress so that the information notified under this condition becomes out of date, further work must not be carried out unless the principal certifying authority for the

development to which the work relates (not being the council) has given the council written notice of the updated information.

NOTE: This condition does not apply in relation to Crown building work that is certified, in accordance with section 6.28 of the Environmental Planning and Assessment Act 1979, to comply with the technical provisions of the State's building laws.

E.5 Entertainment venues (clause 98C EP&A Reg 2000)

If the development involves the use of a building as an entertainment venue, the development shall comply with the requirements set out in Schedule 3A of the Environmental Planning and Assessment regulation 2000.

E.6 Maximum capacity signage (clause 98D EP&A Reg 2000)

For the following uses of a building: a sign must be displayed in a prominent position in the building stating the maximum number of persons permitted in the building if the development consent for the use contains a condition specifying the maximum number of persons permitted in the building:

- (a) entertainment venue,
- (b) function centre,
- (c) pub,
- (d) registered club,
- (e) restaurant.

NOTE: Words and expressions used in this condition have the same meanings as they have in the Standard Instrument.

E.7 Shoring and adequacy of adjoining property (clause 98E EP&A Reg 2000)

If the development involves an excavation that extends below the level of the base of the footings of a building, structure or work (including any structure or work within a road or rail corridor) on adjoining land, the person having the benefit of the development consent must, at the person's own expense:

- (a) protect and support the building, structure or work from possible damage from the excavation, and
- (b) where necessary, underpin the building, structure or work to prevent any such damage.

NOTE: This condition does not apply if the person having the benefit of the development consent owns the adjoining land or the owner of the adjoining land has given consent in writing to that condition not applying.

F. SCHEDULE F – General Terms of Approval (Integrated Development)

N/A
