Dear Sylvester, Ron and Shannon;

Apologies for our slow response and thank you for working with the College to transition our new sewer connection to the new Council connection point.

We confirm that discussions and confirmation has been received from the Sewer System pump provider and Xeros Piccolo staff that the pumps are sufficient to discharge the sewer from the new system across the entire length of the pipe to the new council connection.

Please let me know if you require any further clarification from the College.

Kind regards Nicholas

Hi Richard,

Please see attached letter as earlier discussed. I will be grateful if you could accept in writing before we commence work.

We would like to start the work next week.

Regards,

Sylvester Otieno
