Name: Danielle Cox
Community Grants - I am the Head Teacher Special Education at Koorungal High School. I am looking into the possibility of any funding grants that might be available to assist students within my support unit to participate in swimming lessons. The targetted students are in Years 7-11 and all have a mild to moderate intellectual disability, and some have other additional high support needs as well. The majority are from marginalised backgrounds and we feel that this is an essential life skill that we would like to assist with. Any information would be greatly appreciated.
