20/180 **RESOLVED:**  
On the Motion of Councillors D Hayes and T Koschel

**That Council receives a report exploring options to improve pedestrian safety on the Lake Albert Road pedestrian crossing at Sacred Heart Primary School during hours outside of the school zone times.**

**Status:**

**22 Jun 2021 Ross, Peter**

Investigation has been completed. The issues experienced at this crossing (both a Children's Crossing during school hours and pedestrian crossing out of school hours) apply to a number of crossing sites across the city. Council staff are looking at an overall approach to address safety concerns for both drivers and pedestrians. Staff found that night time lighting is adequate. Line marking has been completed in accordance with relevant standards and additional advance warning signs have been installed.

## STRATEGY AND PROJECTS

**28/10/2019 (NOM-2) - NOTICE OF MOTION - REVIEW OF BOURKE STREET**

**Responsible:** Ross, Peter

**19/372 RESOLVED:**  
On the Motion of Councillors D Hayes and T Koschel

**That Council receive a report that provides:**

- a an overview of all current projects being explored for Bourke Street**
- b options to improve the safety and amenity of the road for pedestrians and drivers**

**Status:**

**22 Jun 2021 Ross, Peter**

Current projects being explored for Bourke Street include:

- improvement to street lighting - Essential Energy has commenced the design process to replace suspension lights throughout Wagga Wagga with pole mounted LED lighting (including the lighting issue along Bourke Street, Lake Albert Rd and Gurwood Street)
- improvements to pedestrian facilities - Council staff have been working on Safer Roads Program grant application since early June 2021.

Bourke Street pedestrian crossing at the Tolland Shopping Centre is potentially eligible for an upgrade as it has been identified as a dangerous black spot location (accident clusters).

The proposed upgraded would include pedestrian operated traffic lights, discussions have taken place with TNSW in this regard with positive feedback). Additional locations will also be investigated due to the road being 4 lanes wide., Options to improve the safety and amenity of the road for pedestrians and drivers include the above.

The road is part of the Transport for NSW (Regional Road) network and lighting is under the control of Essential Energy therefore both sites require significant consultation with all stakeholders prior to any works being confirmed.

Whilst there are multiple factors to take into consideration; one safety feature that has been introduced already is the installation of a 40kph speed zone (during school pick up and drop off times) for the majority of Bourke Street between Red Hill Road and Fernleigh Road.

## STRATEGY AND PROJECTS
